Saturday night a crowd of neighbors called at Henning's home. He was taken out and beaten. A rope was put about his neck and for a time it was be-lieved he would be lynched. He finally escaped, but only after he had been severely injured. Several scalp wounds and body bruises were treated by a physician Sunday. Henning is confined to his bed. There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquifies the tough mucus and aids in its expectoration, allays the cough and aids Nature in restoring the system to a healthy condition.
